North Texas Consortium

The North Texas Consortium of Schools, led by Dr. Poster at UTA, has been meeting several years regarding pertinent issues. The group worked with the DFW Hospital Council and AHEC developed the community standard for drug testing, background checks and a universal hospital orientation. Each school worked on developing projects for competency testing which will be shared with all Texas schools. TNA is working with the group in order to distribute the information. The Consortium has held three summer institutes for faculty development.

Approximate cost of implementing and maintaining partnership: variable

Grant monies used: none

Expected benefits from partnership:

- schools have contributed for the summer institutes and for the development of the competency projects.

Challenges from partnership:

- none identified
